

# Uniwin 3.0 Hire/Purchase Solution

This documentation describes the following: **Hire Solution**

## UniWin

Don't want the initial outlay costs involved in buying a weighbridge software solution, then why not hire one of our standard packages for installation onto your weighbridge.

The price includes:

1. Our Taylor made weighbridge software (Grain, Waste, Quarry, Scrap, Gatehouse, Skip)
2. Business computer suitable for the industrial environment
3. Suitable printer for ticket generation
4. Barrier, Traffic Lights, Cameras, we can even supply the weighbridge
5. Remote software support
6. Next day swap out or on site hardware support
7. Optional automatic backup to our database vault
8. On going support of the solution

Charges consist of:

1. Setup fee to get you running
2. Monthly rental charge for the hire period agreed
3. Removal fee should you wish to terminate the rental agreement prior to the agreed hire period

DRG No.:10002

## Description:

Regardless of your business we have a hire solution available, quickly, efficiently and capable of managing all types of weighbridge activities.

## How does it work:

The software and hardware costs are first calculated on a purchase basis, we then spread those costs over the hire term, add the cost for support of both the hardware and software, include a contingency fee for depreciation and calculate a fee should you wish to terminate your agreement early.

Typical example on a 5 year hire:

- Fully operational weighbridge software configured to site exacting requirements
- Weighbridge computer inc LCD monitor
- Ticket printer
- Report laser printer
- Support for 5 years

A total solution value of	£9706
Hire setup fee	£2000
Monthly	£ 130 based on 60 payments
